

**CUT MICROGREENS, LIVING MICROGREENS,
FLOWERS & LEAVES**

Glowing Oasis: Our Riverhead greenhouse on Long Island, NY, illuminated by radiant growing LED lights, casting a mesmerizing red glow.

Our Roots

Established in 2006 as Koppert Cress USA, we've evolved into Flavour Fields, a dynamic hub of culinary innovation since 2018. Our mission? To tantalize taste buds and ignite imaginations in kitchens worldwide.

Under our umbrella, you'll find:

Flavour Fields: Elevating dishes with our cut microgreens, flowers, and leaves, adding a burst of flavor and visual flair.

Koppert Cress: Pioneering living microgreens that breathe life into every dish, bringing freshness straight from our famous Blue Cup to your kitchen.

WeQook: For chefs and foodies alike, navigating the culinary landscape just got easier with our innovative e-commerce platform for direct shipping from the farm.

Lafayette Spices: Journeying the globe to bring you the finest spices, we ensure every dish is infused with exceptional flavor, delivered straight to your door.

Bar Necessities: Elevating the garnish through a precise farm to bar process, ensuring every fruit slice is calibrated and produced under BRC Food Safety standards, setting the benchmark in the industry with no match in consistency for mixology.

At Flavour Fields, we're not just about ingredients, we're about experiences. Join us in redefining culinary excellence, one dish at a time.

Who We Are

Flavour Fields, where our culture mirrors the **dynamic** teamwork of a bustling kitchen, even though we operate within the vibrant environment of a greenhouse. Like a chef and his crew, we embody values of **hard work**, dedication, and passion. We're **self-made**, free from big capital groups, and driven solely by our **love for what we do**.

We embrace **diversity**, acknowledging that each team member contributes their own distinct essence to our work. Within our greenhouse, we weave together a rich tapestry of various backgrounds and perspectives, which not only enriches our environment but also **cultivates a culture of innovation**.

We're committed to **blending nature and technology**, leveraging sustainability while embracing innovation. But beyond our dedication to excellence, we also value camaraderie and support, creating a fun and dynamic atmosphere where creativity flourishes.

At Flavour Fields, we believe in the power of **teamwork**. Just as a chef relies on his crew, we recognize that we're only as good as the people around us. Join us in our greenhouse, where every day is a celebration of **collaboration** and **creativity**.

Food Safety

At Flavour Fields, food safety is our top priority, not just because we have to, but because we want to.

We have always believed in the responsibility we hold in providing safe and nutritious products to our customers. Our commitment to excellence is evident through our **Primus GFS certification**, a benchmarked Global Food Safety Initiative (GFSI) standard and a fully recognized audit scheme. This certification encompasses **Hazard Analysis Critical Control Point (HACCP)** scopes for **Good Agricultural Practices (GAPs)** and **Good Manufacturing Practices (GMPs)**.

We employ rigorous protocols and best practices at every stage of production to ensure that our products meet and exceed industry standards. From seed to harvest, we uphold strict hygiene, sanitation, and traceability measures to safeguard the integrity of our crops.

At Flavour Fields, you can trust that every bite is not only bursting with flavor but also backed by our unwavering commitment to food safety.

Our Commitment

At Flavour Fields, our dedication to food safety doesn't stop at certification—we go beyond that.

We craft every product with the **highest safety standards**, ensuring each bite is as safe as flavorful. We cultivate our Microgreens in a **biodegradable, plant-based fibrous material**. This not only keeps kitchens free from dirt and soil but also enhances the **shelf life** of our products, ensuring they stay fresh longer. The result? Happy customers and even happier chefs.

We prioritize **natural methods** over chemicals. By introducing **beneficial insects** into our greenhouse, we effectively manage pests and plant diseases with **minimal pesticide** use. This **eco-friendly approach** ensures our crops are both safe and high-quality. We utilize **tamper-evident packaging** to guarantee that our Microgreens, Edible Flowers, and Leaves arrive fresh and safe.

We're committed to delivering excellence from our fields to your kitchen because, at Flavour Fields, Food Safety is our promise.
